

LAUNCH FUTURE GAMING & DIGITAL CONFERENCE 21-22 NOV, BIRMINGHAM, UK

Based in Birmingham, LAUNCH: Future Gaming & Digital Conference is the leading industry focused conference in the Midlands, featuring expert speakers and demonstrations from games studios and service providers.

LAUNCH is big on business support and understands the hurdles involved when launching an idea and developing a business. Because of this LAUNCH works closely with Entrepreneurs for the Future (e4f) an onsite business incubator dedicated to seeing tech businesses succeed. With this in mind LAUNCH has created three themes which drive all the content behind our meet-ups and feature conference.

- LAUNCH a Career
- LAUNCH a Business
- LAUNCH a Product

LAUNCH celebrates the innovative work being carried out by gaming and digital indies and giants throughout the country. Showcasing the latest work from start-ups and established SME's, LAUNCH aims to reinforce the talent capital of the Midlands by providing a unique opportunity to learn about latest industry trends and developments.

The LAUNCH calendar of events provides an opportunity for upcoming indie devs and studios to mix with gaming and technology giants to not only their games or products but their industry knowledge and expertise too.

The annual Launch Future Gaming & Digital Conference takes place 21st - 22nd November 2013 and will see over 300 attendees from the gaming community.
